Mark: on a scale of 1 to really fucking funny, how humorous are you finding the election coverage
me: I'm not watching it, no TV, and even if I had one I've on strike against democracy
me: only bloodshed will satiate my burning hatred of this country and its degenerate people
Mark: well put
me: I'm probably going to start spying for the Chinese
Mark: well, maybe a bit m ore active than i'd be game for
Mark: i'm pretty sure that with the teatards
me: at least they appreciate competence
Mark: they'll do a pretty good job of fucking themselves over
Mark: no need for assistance
me: who?
Mark: the tea partiers/americans
Mark: the level of stupidity out there in the country
Mark: i mean, it's impossible to exaggerate
Mark: rand paul's acceptance speech
Mark: it was like someone creudely cut and paste random Cato blog entries together
me: lol
Mark: it was the most trite, hackneyed, bullshit libertarianism I've ever heard, it was like a bad joke
Mark: he literally said
Mark: "we all either work for rich people or sell stuff to rich people, so let's not punish rich people"
Mark: when asked if he wanted to raise taxes on the top 2%
me: he must have meant "we" as in "we in Congress"
Mark: oh no, he meant all americans
Mark: pretty explicitly stated that "everyone" worked for rich people
me: I know, I'm kidding
Mark: (i guess rich people all work for themselves?)
me: I mean they operate in large part as proxies for various interests
me: which isn't even the problem, really
me: the American people should all be drafted
me: since they're so concerned about jobs and have entirely forgotten about the two wars they started
Mark: hah
Mark: that's a jobs program that i could support
me: and that they don't feel like paying for

Mark: well, to the extent that jonah golberg supports it
Mark: which is to say
Mark: all the little people msut go and fight and die
Mark: i get to stay here and write bullshit
Mark: and eat cheetos
me: god damn that guy's a fucking chump-ass faggot
Mark: i actually wrote him an e-mail
Mark: the other day
Mark: because he wrote some gloating little post
Mark: about how apparently hitler was a communist for like 2 years right after WWI
Mark: i said
Mark: "joseph stalin was an ORTHODOX PRIEST
me: I seem to recall we talked about how they don't respond to shit
me: good point, though
Mark: does that mean that he was secretly a religious fanatic all of those years he was mandating and violently enforcing state athiesm?
me: also
me: look up what the pope said about mussolini back in the early days
me: he fucking loved him
me: you have to hand it to Catholics
Mark: exactly it's just
Mark: if you selectively quote people
me: they play pretty hard with the shittiest hand
Mark: you can get them to support pretty much anything
Mark: i could selectively quote from joseph stalin's writings
Mark: and make him appear as a peace-loving, moderate, rationalist
Mark: now he was actually batshit insane
Mark: but it's really easy to make a cast if you don't even pretend to be intellectually honest
